EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Max Moskowitz on April 12, 2006.

The application has been amended as follows:

Claim 1, line 6, claim 3, line 9, and claim 5, line 13, "each baffle" has been replaced with --with the baffle of each web--.

Claim 1, line 7, claim 3, line 10, and claim 5, line 14, after "body", --, and the remaining length of the body being without a baffle along each web-- has been inserted.

Claims 8 and 9, line 1, "jalousie" has been deleted.

Claim 11, line 1, "jalousie window" has been changed to --glass holder--.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claims 1, 3, and 5, is the inclusion of the baffle of each web extending along less than half the length of the body, and the remaining length of the body being without a baffle long each web. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
